## PRESIDENT'S MESSAGE

I would again like to remind everyone of the ASHRAE Annual Meeting to be held here in Albuquerque June 26-30 this year as it gets closer. The program theme for the meeting is "Energy Efficient System Design for High Elevations and Dry Climates" and there should be lots of interesting and informative programs. Many of the arrangements and details of the meeting are falling in place but there is still plenty to do. We especially will need volunteers to monitor the technical programs. All volunteers will receive free registration for the entire 4 day program schedule so this is a great opportunity to give a little and get a lot! I hope many of you are planning to help and volunteer during the Annual Meeting to help make the meeting a success. June may seem far away, but it will be here before you know it. Please contact me or any of the other board members if you are interested or have any ideas to share.

I hope to see you at this month's meeting.

Dan Harmeyer
