

THIN-AIR BULLETIN

American Society of Heating, Refrigeration, and Air Conditioning Engineers NM Chapter Region IX Albuquerque, NM

Program: Tour of Nexus Brewery

Please join us for a tour of the Nexus Brewery on Tuesday December 11th.

Nexus Brewery
4730 Pan American Freeway Suite D
Albuquerque, NM 87109

The Tour will start promptly at 5:30 pm, so please arrive a few minutes prior to that. I encourage you to have a beverage after the brief tour. There will be no cost for this program; however the cost of any beverages is the responsibility of the attendee.

RSVP to Morgan Royce at
mbroyce@bgce.com

President's Message

The holiday season is in full swing and as we approach the New Year most of us are mired in shopping and decorating for the season. It is the time of year to rejoice and spend time with family and friends. Be careful during your holiday celebrations.

Join us for a tour this month at the Nexus Brewery. We will be shown the brewery and given a brief presentation. I encourage you to have a craft brew with us after the tour.

I wanted to thank Dr. Charles Fleddermann for presenting an ethics course for us in November. We suffered some technical difficulties during the presentation and we appreciate the patience of those members that attended the program.

Finally, I wanted to thank all of the chapter board members for their contribution to ASHRAE Research. Every year each member of the board contributes \$100 to support Research. I encourage all members to support ASHRAE Research. Please contact Charlie Scoggin - at scogginbfnm@gmail.com if you can contribute.

Patrick Watkins

WHEN: Tuesday December 11, 2012. 5:30 pm. **COST:** No cost.

WHERE: Nexus Brewery, 4730 Pan American Fwy., Albuquerque, NM 87109; Albuquerque, NM

RSVP to Morgan Royce by Monday December 10th. Email: mbroyce@bgce.com

FROM THE HISTORY BOOKS

February, 1968

Chapter Officers were:

President:	John Wahlen
President-Elect:	Bill McCord
Secretary:	Bob Friggens
Treasurer:	Pete Lujan

The speaker for the meeting was Mr. R. L. Anderson of the Southern Union Gas Company speaking on "The Concept of Total Energy".

A nominating committee of five members will be selected to choose candidates for officers and Board of Governors for the Chapter for the next Society year.

ASHRAE Research Promotion

Since 1919, ASHRAE has supported research to improve the quality of life. ASHRAE Research impacts the industry by improving the way HVAC&R systems work, how they are applied and allow development of technical information to create standards and guidelines, which serve as the basis for testing and design practices around the world.

Please contact Charlie Scoggin at scogginbfm@gmail.com and Support research for the 2012-2013 Campaign.

2013 ASHRAE Winter Conference and AHR Expo

Jan. 26-30/Jan. 28-30
